## CLASS STATISTICS

The Class of 1947, not knowing I wasn't inclined to be a writer, asked me to sum up a few statements in a mathematical description about our Senior Class. The class as a whole stands about 196 feet in height, and although most of us are small we weigh 4518 pounds. Our shoes have to be specially made because our shoe size is No. 240. We have blue eyes and brown hair. Amazingly enough, it has taken us 570 years for the class to grow to such an enormous size.

In my opinion the Senior Class isn't so bad after all. The average size is rather small because the average height is 5 feet, 5 inches, and weight is 133 pounds. The age of the class is 17 years. We have a comparatively small shoe size No. 8.

# SENIOR CLASS HISTORY

In gathering my material for writing the official history of this class, I have decided not to give a formal and dry history, but only to mention some of the outstanding events of our school days.

Some of us have been together since our primary days. We have found school life not always "a bed of roses," but we have had a pleasant time. We are the first to graduate from Hasty under the "twelve year school plan" and we are happy because we have had the opportunity to be together for another year.

Our home room teachers for the last four years were: Freshman, Mr. Hilton and Miss Bryan (the class was so large it was divided into two sections); Sophomore, Miss Bryan; Junior, Mrs. Whitesell; and then this year when we were all looked up to as "Dignified Seniors" and Mrs. Perry was our home room teacher and class advisor.

The class presidents for the last four years were: Freshman, Donnie Peace and Billy Kennedy; Sophomore, Marguerite Pickard; and Junior and Senior years, Billy Kennedy.

Our Sophomore year brought full realization that we were in high school for that was the year that we received our class rings. Also in our Sophomore year, since there were only eleven grades then, we considered it a great honor and a lot of fun to sponsor the Junior-Senior banquet.

In our Junior year the main event was our Junior play, "Here Comes the Prince," which was a big success.

We have great plans for this year, in addition to seeing the "Carolina vs. V.P.I." football game and we are looking forward to the Senior Play, the Junior-Senior banquet, and our trip to Washington, D. C., which should be the "Gala Event" of the year.

We think we are leaving a good heritage to the school. This year, under the sponsorship of the Junior and Senior classes we are publishing an annual; this year also the Student Aid Association under the sponsorship of the Seniors and Mrs. Perry has been presented to the students for the first time.

We will always be grateful to our parents for providing us with the opportunity to receive a high school education, and to our teachers for the patience and consideration they have shown throughout the years we were with them. Our faith in our homes and our school is the basis of the confidence with which we face the future.

# CLASS PROPHECY

M. G. M. Studios  
Hollywood, California  
May 5, 1957

Dear Dott,

You can't imagine how proud all your classmates from Hasty are to hear that you are opening tonight at Carnegie Hall. Best of luck to you!

Since it has been ten years since we graduated from Hasty, and about that long since I saw you, I thought you might be interested in what's happened to some of our classmates.

Do you remember how Bill and "Shorty" used to stay together?—Well, they're in Chicago now. Bill is president of the Marshall Fields Co. and "Shorty" is a night club owner, and as usual has his arms full of pretty women.

Guess who visited me over the week-end? Carrie Lou, Robert, and little Robert III. Sparky's also married to Devoe Sink. She can't cook, but Devoe doesn't seem to mind. Kenneth finally latched on to Pollie and they have the cutest twins. Their names are Lollie and Mollie.

Mary Frances Johnson is the manager of the "Rush, Rush, Rush" Business College in Washington and Joan Bowers, Gladys Davis, and Helen Johnson are her able assistants. They are really doing well. Lois must have liked shorthand because she's teaching commercial at Greensboro College.

Dolan Cecil is a major in the Marines and does he look grand? I received a picture from him just the other day.

Oh, yes, Dot Lawson is doing wonderful work in her profession as a missionary. She is now in a quaint little town in South Africa.

You remember how lazy Jack, "Kenney," and Donald were? Well, they're still taking it easy. They're co-owners in the "Jack, You Drive It" Automobile Corp.

And, can you believe it—"Bumpy" our handsome boy, is in Honolulu with plenty of money and pretty women. His rich uncle died. Also Marie Ripple is working at the naval base in Bainbridge, Maryland. Don't you know she's happy—loving Navy men as she does!

By the way, "Grease Monkey," Ronald C., is chief mechanic at the Atlantic States Motor Lines. And little Jimmy Moser is president of the First National Bank. That really surprised me. And here's another surprise, Jimmy Kennedy is a lawyer. I guess you can understand that from the way he used to argue and get in the last word, even under his breath. Vernell and Faye Dean are also doing bank work in Florida. I know they're enjoying the sunshine.

I need not tell you about Ritchie's being in Hollywood, for you've probably already seen her first picture, "Fair State." And Donnie, too, is a Powers model, but she's in New York, maybe you'll get to see her. If so, give her my love.

Frances and Hazel are nurses at Duke Hospital and you can imagine how well they're doing with their sweet dispositions.

This will really knock your hat off, Farlane, Bill Cecil, and William are playing with the St. Louis Cardinals and they won out in the play-off. How about that? And "our" boy "Windy" is coaching basketball at Chapel Hill. I think it's just grand because he really loved the game.

Peggy and June are two good stenographers in Texas at one of the big oil companies. You know, down where the "long-horns" grow.

Well, Dott, I think that takes care of all our classmates except me, and I'm still at the M.G.M. Studios doing secretarial work and loving it.

I close now, once again wishing you the best of luck ever.

With love,

"Jess."

Kenneth, Jack, and Windy will their ability to dodge Coach Leonard on practice nights, to Banks and Bobby Payne.

Jimmy Kennedy leaves his sizzling hot temper to Jack Kennedy, who now can strike the happy medium.

Donald Hilton, Jimmy Moser, and Bill Cecil leave their ability to skip classes to George Saintsing and Jimmy Kennedy.

Dot Parks leaves her love for South American Rhumbas and Congas to Dot Sink.

William Hiatt leaves his other name "Twinkle" to Jesse Kennedy, who's really bright.

Jessie Mae Ward leaves her flirtatious actions to a gal who really doesn't need them—June Caudle.

Dolan Cecil leaves his flashy yellow-red necktie to "Big Wheel" Brittain.

Vernell Ball leaves her love for the Student Govt. to Kenneth Peace.

"Red" Davis leaves her cool green eyes to Betty Sue Saintsing—Buddy!

Ronald Lee Kennedy refuses to will the women in his life to anybody, eh "Shorty"?

## CLASS HISTORY

There's nothing outstanding about our class. We're just a bunch of happy-go-lucky students, sticking together through good and bad, but always managing to come out on top.

We were Freshmen in the year of 1943-44. Like all Freshmen we were pretty dumb, and caused our teacher, Miss Everhart, a good deal of trouble.

The next year, we advanced to Sophomores and had as our teacher, Mrs. Perry, who helped us become much better students.

This year we're jaunty Juniors, and have Miss Hester as our home room teacher. This has been the best year of all our high school career. The Junior girls make up practically all of the basketball team. Another thing we are proud of, is that we have members on the executive board of The Student Aid Association and also representatives to the Council from our class.

Although our class has reduced in number now and it is the smallest in the high school, we think it is the best.

## CLASS HISTORY

Of all the classes in our school, we think our class is the best. In anything we do our class is ready to cooperate.

Last year under the watchful eye of Miss Bryan, our Freshman home-room teacher, we advanced from very green Freshmen to very dignified Sophomores and this year with the help of Miss Moore we are still improving.

## CLASS HISTORY

Although this is our first year, we really hit the high school with a bang! Our class of forty-two is the largest in the school. The boys outnumber the girls, but the girls make up for this in various ways. We even have some freshmen girls on the basketball squad, and we are justly proud of them. While we are green freshmen this year, we know we are capable of becoming good sophomores, and hope that by the time we graduate we will have contributed much to our school.
